02

PRODUCT FEEDBACK: WHAT TO EXPECT

Product feedback

Light to heavy

Self-builder

End-user 2D model reference

Image-based

3D character model reference

Realistic output style

Realistic color scheme

Consistent angle changes

Chat context retention

Remember the user

03

BUGS

Bugs

1 Agent presents execution failures as questions

2 Consistent angle changes don't show up in output

3 Vertical PDF upload fails on video models

4 Chat history context not retained

5 Video generation takes 20+ hours on complex jobs

04

FEATURE REQUESTS

Feature requests

1 Placeholder image generation doesn't work

2 Save chat input as draft when switching tabs

3 Generation history for the mobile app

4 Output rotation and finger control in editor

5 Chat window display templates

Under the hood: In our latest development, we're working on the first set of early input

05

DOTS INSIGHT

Dots Insight

1 Generation volume checking

2 Apps share of generations keeps growing

3 Download rate holds flat around 12 percent

4 Download rate still split based by device

5 Generation reliability stays high

FIREFLIES CALLS AND #AGENT-STUDIO-FEEDBACKS

Product feedback

LIKED

Split to Layers

Bingo, 23 Aug. Sedream 5 nails precise finger and glove edits.

Skills builder

Playtika, PlayStudios, 19 Aug. Two studios pulled in the same day.

Seedance 2.0 multi-reference

Talofa, 18 Aug. Up to 9 reference images, less style drift.

Image Remix

Innplay, 18 Aug. Cuts element density without manual masking.

V2 chat-based model selection

Best Fiends, 18 Aug. 80% of Playtika studios now onboard.

NOT LIKED

Studio output style

Best Fiends, 19 Aug. Doesn't match old standalone tool output.

New model color vibrancy

Slotomania, 20 Aug. Duller coins and gems; GPT-2 preferred.

Camera angle changes

Talofa, Slotomania, Wooga, 11-18 Aug. Prompted angle not applied.

Chat context retention

Slotomania, Communix, 12-18 Aug. Drops context mid-session.

Animation file size

Bingo, Wooga, 12 Aug. Too large for direct game engine import.

PRODUCT HEALTH REPORT - LAST 30 DAYS

Data insight

1 Generation volume climbing

2 Apps share of generation keeps growing

3 Download rate holds flat around 23 percent

4 Download rate still split head by tail

5 Generation reliability stays high

20 Aug 2024 10:00 / 11 slides / 1 feedback item / 1 comment

TOP 5 BY IMPACT

Bugs

1

Agent presents execution failures as questions

31% of execution failures misrouted in 14 days. Notion 3699, Highest, still Not Started.

2

Camera angle changes don't show up in output

Talofa, Slotomania, Wooga - three accounts since 11 Aug. No fix ticket for the accuracy gap.

3

Vertical MP4 upload fails on video models

Playtika Marketing, 19 Aug. Fails on Kling 3 and Gemini Plus; cause not yet confirmed.

4

Chat loses context mid-session

Slotomania and Communix, 12-18 Aug. References and instructions drop on longer chats.

5

Video generation takes 40+ hours on complex jobs

Playtika Marketing, 19 Aug. Unworkable against a marketing production cycle.

Product feedback, bugs and feature requests

Dots Insight

1 Generation volume climbing

2 Apps share of generations keeps growing

3 Download rate holds flat around 12 percent

4 Download rate still split by platform

5 Generation reliability stays high

Genie

TOP 5 BY IMPACT

Feature requests

1 Photoshop copy-paste directly to canvas

Slotomania, 12 Aug. No export step; paste an object or layer straight onto the board.

2 Save chat input as draft when switching tabs

Bingo, 13 Aug. Typed text disappears when switching to Apps or Models and back.

3 Generation history for the Models tab

Playtika Marketing, 13 Aug. Past generations vanish on navigating away, unlike chat history.

4 Object rotation and finger-count control in edits

Bingo, 23 Aug. Prompt-only workarounds today for Sedream 5 hand and glove edits.

5 Slot machine display templates

Jackpota, 18 Aug. Pre-built layouts artists can populate, needed for casino asset turnaround.

Decide this week: fix execution-failure misrouting or ship Photoshop paste first. Both are already scoped.
